

Naloxone Community Hero Project Proposal

What is the Naloxone Community Hero Project?

In 2022, ARORP created the Arkansas Naloxone Bank to maintain a stockpile of naloxone that can be accessed by both community organizations and first responder agencies by applying to be a Naloxone Community Hero. Successful applicants will receive a credit for naloxone to distribute within their communities. The credit will allow them to obtain as much naloxone as they need when they need it. These organizations/agencies host routine naloxone trainings, equipping every trainee with a free dose of naloxone. Naloxone may also be used for discharge from hospitals, private mental health facilities, treatment facilities, recovery facilities, and county detention facilities.
